

DanceStar World Dance Masters Croatia 2025

Hotel Accommodation Information for the SA Dance Team

Please carefully review this document to understand the available hotel and accommodation options. **Important:** Once we arrive at the resort, all accommodations will be fully booked, making it nearly impossible to change your hotel selection.

Accommodation Overview

Hotel accommodations at the resort hosting the DanceStar World Dance Masters are exclusively available through our tour packages. The DanceStar International organization allocates bookings on a per-person basis, not per room. Given that over 7,000 dancers and their families from around the world attend the finals, accommodation at the resort fills quickly.

Due to high demand, accommodations are primarily in shared rooms with two persons per room. A limited number of single rooms are available at an additional cost.

Note:

- Triple, family, or interconnecting rooms are not available on offer.
- Selected hotels may offer rooms with a sleeper couch.

Hotel Descriptions

All the hotels within the resort where the competition is held are clean, feature swimming pools, and offer buffet-style breakfast and dinner. They are conveniently located between 50 and 700 meters from the Sports Centre where the dancing takes place. Please note that drinks are generally not included with meals.
